5. ABSTRACT FOR AUSTRALIAN HIGHER EDUCATION GRADUATION STATEMENT

You will receive an Australian Higher Education Graduation Statement to accompany your testamur. This will include an abstract or summary of the thesis, up to 100 words. You are responsible for the accuracy of the wording of the abstract. Because the abstract appears on the Graduation Statement, it must also be verified by your supervisor and school. The abstract will be public information, so it must not include any personal or restricted information.

To enter the text of your abstract, log into Student Connect http://www.studentadmin.uwa.edu.au/welcome/student_connect. Under the 'Enrolment' heading in the side menu, Click on 'Course and Unit', select the course that you are completing, and then click on 'Thesis Abstract'.

Follow the steps to enter and finalise the text of your abstract. When you select the 'Allow others to view' button your supervisor will be able to read the text online through Staff Connect. Once you have finalised the wording in consultation with your supervisor please print a PDF and attach it to this form for your Supervisor and Graduate Research Coordinator to sign.

Please note that once you have finalised the status of your abstract you will not be able to change the words. This is why it is important to consult with your supervisor before you finalise the text.
